

# **EBCI TRIBAL OPTION**

Provider Directory

October 27, 2021

Cherokee Indian Hospital's *Tribal Option* is a relationship-based, patient-centered approach to transforming and improving healthcare outcomes by connecting you to resources – doctors, appointments, medication, and therapy – ensuring that you get the most out of your benefits.

## **Our Core Purpose**

To assure the prosperity of the next seven generations of the Eastern Band of Cherokee Indians. We do this by working together to help you achieve physical, mental, emotional, and spiritual wellness.

## **The Right Way**

The heart of our approach to healthcare comes from the philosophy of “*du yu ga dv*” or the “*Right Way*” – a program designed to maximize the effectiveness of our staff within the community by building and maintaining healthy relationships. By understanding that each patient/member has their own story that guides their lifestyle choices and healthcare decisions, the “*Right Way*” emphasizes the importance of developing strong, trusting relationships between you and your care team.

We see the journey to wellness as a shared responsibility.

## **Guiding Principles of Cherokee Indian Hospital and the Tribal Option**

Our Guiding Principles define the “*Right Way*” approach by guiding the interactions of your care team in order to create trust and a positive experience of care, where both you and your family are engaged to make healthy choices to achieve excellent outcomes.

*Guiding Principle One - ᎠᎵᎾ ᎠᎵ ᎠᎵᎾ - “The one helps you from the heart”*

We believe that care and service delivered most effectively is delivered from the heart.

*Guiding Principle Two – ᎠᎵ - “A state of peace and balance”*

We believe that “*To-hi*” can only be achieved through healthy relationships and is fundamental to living healthy lives.

*Guiding Principle Three – ᎠᎵᎾ ᎠᎵ - “It belongs to you”*

We believe that all healthcare services belong to the people and CIHA, along with Tsalagi Health Trust, is a steward of their inheritance, charged with safeguarding it and providing it to patients/members when and how they need it.

*Guiding Principle Four - ᎠᎵ ᎠᎵ ᎠᎵ ᎠᎵ - “Like family to me”*

We are committed to being the health partner of choice for this community, enjoying the relationships found in healthy families.
